SAVE TIME AND MONEY WITH OUR 90-DAY SUPPLY BENEFIT

More flexibility. More convenience. Lower cost. Health Plan of Nevada and Sierra Health and Life now cover a 90-day supply of medication through local Walgreens pharmacies. With a 90-day supply, your employees won't need to get a refill every month.

To participate, your employees should:

- **Talk with their doctor.** Their doctor can write them a new prescription for a 90-day supply.
- **Talk to their Walgreens pharmacist.** Their pharmacist can call their doctor to get a new prescription for a 90-day supply.

90-day refill advantages:

Medications eligible for the 90-day refill option usually require regular, daily use and/or are commonly used to treat chronic or long-term conditions including high blood pressure, heart disease, asthma and diabetes.

Providing health plan members with 90-day prescriptions may lead to:

- More consistent medication supplies for a longer period of time
- Fewer trips to the pharmacy, which is especially helpful if transportation is an issue
- Better adherence
- Lower health care costs

What you need to know:

- 90-day supply is exclusively available at Walgreens pharmacies in Nevada. All other retail pharmacies can only fill one month at a time.
- Pharmacy benefit coverage rules still apply. Only covered drugs will be available for a 90-day supply. Please check our pharmacy coverage rules for more details.
- Copays* are the same for 90 days at Walgreens and OptumRx Home Delivery (mail order).

If you have any questions, please reach out to your sales/account representative.

**Most members will save ½ a copay when they fill brand name and higher priced generic medications. Most lower priced generic medications will already pay at a rate less than a member's copay amount so savings may not be as substantial.*
