HPN/SHL members can save time and money with our 90-day supply benefit

More flexibility. More convenience. Lower cost. Health Plan of Nevada, Sierra Health and Life and Health Plan of Nevada's Medicaid Plan now cover a 90-day supply of medication through local Walgreens pharmacies. With a 90-day supply, your patients won't need to get a refill every month.

Talk with your patients and:

- Decide whether it's medically appropriate to switch them to a 90-day supply
- Write them a new prescription
- Please consider generic medication
- Fax the new script to the pharmacy or give it to them to take to their neighborhood Walgreens

90-day refill advantages:

Medications eligible for the 90-day refill option usually require regular, daily use and/or are commonly used to treat chronic or long-term conditions including high blood pressure, heart disease, asthma and diabetes.

Providing your patients with 90-day prescriptions may lead to:

- More consistent medication supplies for a longer period of time
- Fewer trips to the pharmacy, which is especially helpful if transportation is an issue
- Better adherence
- Lower health care costs

What you need to know:

- 90-day supply is exclusively available at Walgreens pharmacies in Nevada. All other retail pharmacies can only fill one month at time.
- Pharmacy benefit coverage rules still apply. Only covered drugs will be available for a 90-day supply. Please check our pharmacy coverage rules for more details.
- **Commercial members:** Copays* are the same for 90 days at Walgreens and OptumRx Home Delivery (mail order).

If you have any questions, please reach out to your Provider Advocate directly or call Provider Services at (702) 242-7088 or (800) 745-7065

**Most members will save ½ a copay when they fill brand name and higher priced generic medications. Most lower priced generic medications will already pay at a rate less than a member's copay amount so savings may not be as substantial.*
