REMINDER!!!! **IMPORTANT INFORMATION REGARDING** **SLEEP STUDIES FOR ADULTS!**

This is a reminder that ***effective January 1, 2020***, sleep studies must be performed in the home unless otherwise medically contraindicated. Clinical justification must accompany all facility sleep study requests. This includes Health Plan of Nevada (Commercial, Exchange and Medicaid/Nevada Check-Up) and Sierra Health and Life Plans.

When submitting the referral or prior authorization for the at home sleep study, please make sure you are using the appropriate CPT/HCPCS codes and place of service.

The following list of procedure codes is provided for reference purposes only and may not be all-inclusive. All subsequent code changes and additions will also be included in this process.

CPT Code	Description
95800	Sleep study, unattended, simultaneous recording; heart rate, oxygen saturation, respiratory analysis (e.g., by airflow or peripheral arterial tone), and sleep time
95801	Sleep study, unattended, simultaneous recording; minimum of heart rate, oxygen saturation, and respiratory analysis (e.g., by airflow or peripheral arterial tone)
HCPCS Code	Description
G0398	Home sleep study test (HST) with type II portable monitor, unattended; minimum of 7 channels: EEG, EOG, EMG, ECG/heart rate, airflow, respiratory effort and oxygen saturation
G0399	Home sleep test (HST) with type III portable monitor, unattended; minimum of 4 channels: 2 respiratory movement/airflow, 1 ECG/heart rate and 1 oxygen saturation
G0400	Home sleep test (HST) with type IV portable monitor, unattended; minimum of 3 channels
