

Immunizations for Adolescents (IMA-E)

New for 2026

- No applicable changes for this measure

Yes!
Supplemental
Data Accepted

Definition

Percentage of adolescents age 13 who had 1 dose of meningococcal vaccine, 1 tetanus, diphtheria toxoids and acellular pertussis (Tdap) vaccine, and at least 2 doses of human papillomavirus (HPV) vaccine by their 13th birthday.

Plans(s) affected	Quality program(s) affected	Collection and reporting method
<ul style="list-style-type: none"> • Commercial • Exchange/Marketplace • Medicaid 	<ul style="list-style-type: none"> • CMS Quality Rating System • NCQA Health Plan Ratings (Combination 2) 	<ul style="list-style-type: none"> • Electronic Clinical Data Systems (ECDS) reporting

Codes

The following codes can be used to close HEDIS numerator gaps in care; they are not intended to be a directive of your billing practice.

HPV Vaccine

Number of doses: 2

Special Circumstances

- Dose must be administered on or between the ninth and 13th birthdays.
- There must be at least 146 days between the first and second dose of HPV vaccine.
- If 3 HPV vaccines were given, they must be on different dates of service.
- If applicable, anaphylaxis due to vaccine and the date it occurred must be documented in the medical record to count toward the numerator using the hybrid specifications.

CPT®/CPT II	90649, 90650, 90651
CVX codes	62, 118, 137, 165

Immunizations for Adolescents (IMA-E) (cont.)

Anaphylaxis due to the human papillomavirus vaccine on or before the child's 13th birthday

SNOMED	428241000124101
---------------	-----------------

Meningococcal conjugate vaccine

Number of doses: 1

Special circumstances

- Dose must be administered on or between the 10th and 13th birthdays.
- If applicable, anaphylaxis due to vaccine and the date it occurred must be documented in the medical record to count toward the numerator using the hybrid specifications.

CPT®/CPT II	90619, 90623, 90624, 90733, 90734
--------------------	-----------------------------------

CVX codes	32, 108, 114, 136, 147, 167, 203, 316, 328
------------------	--

Anaphylaxis due to the meningococcal vaccine on or before the child's 13th birthday

SNOMED	428301000124106
---------------	-----------------

Tdap vaccine

Number of doses: 1

Special circumstances

- Dose must be administered on or between the 10th and 13th birthdays
- If applicable, encephalitis or anaphylaxis due to the vaccine and the date it occurred must be documented in the medical record to count toward the numerator using the hybrid specifications

CPT®/CPT II	90715
--------------------	-------

CVX codes	115
------------------	-----

Anaphylaxis due to tetanus, diphtheria or pertussis vaccine on or before the child's 13th birthday

SNOMED	428281000124107, 428291000124105
---------------	----------------------------------

Encephalitis due to the tetanus, diphtheria or pertussis vaccine on or before the child's 13th birthday

SNOMED	192710009, 192711008, 192712001
---------------	---------------------------------

Immunizations for Adolescents (IMA-E) (cont.)

Required exclusion(s)

Exclusion	Time frame
<ul style="list-style-type: none"> Members in hospice or using hospice services Members who died 	Any time during the measurement year

Important notes

Medical record detail including, but not limited to

A member's medical record must include:

- A note with the name of the specific antigen and the date the vaccine was administered
- An immunization record from an authorized health care provider or agency - for example, a registry - including the name of the specific antigen and the date the vaccine was administered

For meningococcal conjugate, meningococcal recombinant - serogroup B (MenB) - will **not** meet compliance.

Documentation that a member is up to date with all immunizations, but doesn't include a list of the immunizations and dates they were administered, will **not** meet compliance.

Documentation of physician orders, CPT codes or billing charges will **not** meet compliance.

For documented history of anaphylaxis or encephalitis, there must be a note indicating the date of the event, which must have occurred by the member's 13th birthday.

- History and physical
- Immunization record
- Lab results
- Problem list
- Progress notes
